

WHAT IS OUR STORY OF HOPE?

What will our children, grandchildren, great grand children and all the other generations to come, say about the legacy we have left for them?

**OUR ELDERS
WORKED TOO HARD
FOR US NOT TO BE
GREAT.**

Will they have a strong cultural base, fluent language speakers at every age, good health and well being? Will they hunt, fish, pick berries, gather mushrooms, roots, sing, dance, storytell in the sacred places of our ancestors?

Will they create baskets, tulle mats, spetsen, paintings, and art?

Will they preserve winter stocks of food, pick tea and use traditional medicines?

Will we be untited as a Nation, working together in unity for the greater good of all our people, who are neighbors, family and friends?

Do you believe you have the power, knowing and ability to make this change possible?

**HOW WILL YOU HELP CREATE
LNIB'S STORY OF HOPE?**

WHO ARE WE?

"If you change the way you look at things, the things you look at change" Wayne Dyer

So let's do this. Let's learn from our past, take the best of our present and create a future that is outstanding.

First we have to change how we see things as this influences how we feel about it and how we react to it.

Let's start by wondering who are we? Not only as Lower Nicola Band members, but as Nlaka'pwmux Nation members. Then we need to wonder, what does it mean to be Nlaka'pwmux as well as the other nations we come from.

What is our connection to the land, our culture, language, resources and to each other as community members, family, neighbors and friends?

**Who are we? Where are we from?
Where are we going?**

"If not for our children, what would our purpose be?"

Chief Robert Joseph
